## Fall 2018 Class Descriptions and Schedule

- *Welcome! Classes will meet on the following Sundays (431 Hartford Avenue, Wethersfield) unless otherwise indicated: Sept. 16, Sept. 30, Oct. 14, Oct. 28, Nov. 4, Nov. 11, and Nov. 18. Class times are listed on the last page.*
- *Classes are taught primarily in the traditional method, by ear, so students should remember to bring a recording device!*

### **Fiddle - Jeanne Freeman**

**Absolute beginner fiddle I** - For those with no prior experience on fiddle, this class will emphasize how to hold and play the fiddle, and begin to play simple tunes.

**Beginner fiddle II** - For those who have completed the Absolute Beginner I class, but are not yet ready to move up to the intermediate/advanced class. Emphasis will be on continuing to strengthen skills covered in the prior class, and building a repertoire of tunes.

**Beginner Irish fiddle** - For students who have played the violin/fiddle for at least a year but wish to develop Irish fiddling style and technique. Emphasis will be on building a repertoire of session tunes and introducing bowings and ornamentations.

**Intermediate/Advanced Irish fiddle** - For those who know some Irish fiddle but are working on expanding their repertoire, ornamentation, and developing their bowing style.

### **Whistle and Flute - Ellen Redman**

**Beginner whistle** - For those just starting to play the whistle or flute. The class will focus on learning all the notes on the instrument in preparation to learning some basic tunes. This is also a good beginner class for those who have never played but who are interested in eventually moving on to Irish flute or uilleann pipes.

**Intermediate/Advanced whistle and flute** - For those who have at least a year of experience playing the whistle or flute (either silver or Irish). Common session tunes will be taught, along with ornamentation and tone production and breathing.

# Connecticut Academy of Irish Music

**Mandolin/Tenor Banjo/Guitar - Claudine Langille (6 weeks only; class meets Sept. 16, Oct. 14, Oct. 28, Nov. 4, Nov. 11, and Nov. 18).**

**Beginner and Intermediate** – We will create the specific programming (classes or possibly some private or semi-private lessons) based on students' needs and ability levels - so please contact us if you are interested and we will arrange the schedule. Beginners will learn the basics of the instruments, including basic chords and melody structures; you'll be playing away in no time! For Intermediates, the emphasis will be on growing your repertoire, improving your ear, and spicing up your ornamentation.

**Youth ceili band class – John Whelan (4 weeks only; class meets on Oct 14; Oct. 28; Nov. 4, Nov. 11)**

For young people who are intermediate or beyond in skills – John works with students to help build their ability to play in tight unison with good phrasing, ornamentation and musicality, with the goal of developing skills to compete in regional fleadh competitions. John will be teaching via Skype (assisted by Jeanne in class).

**Intermediate slow session for mixed instruments – Claudine Langille**

Some experience on your instrument is required; emphasis will be on developing skills and confidence to play in a session (learning tunes by ear, familiarity with keys and modes, tunes types, building sets, and basic “session etiquette”). This class will literally function as a slow-paced session with a number of new tunes being played each week and past tunes being revisited.

**Songs in the Tradition – Claudine Langille - (6 weeks only; class meets Sept. 16, Oct. 14, Oct. 28, Nov. 4, Nov. 11, and Nov. 18).**

In this class, we'll sing a variety of songs that are embraced by the Irish tradition, ranging from pure a capella ballads, to pub chorus songs with harmonies, to contemporary songs composed by trad singers, with arrangements for instruments. All welcome who like to sing!

**Bodhran - Mary Gardner**

**(3 workshops on Saturdays: Sept. 15; Oct. 27; Nov. 17)**

**Beginner** - For absolute beginners as well as those with limited experience. This class will focus on learning basic rhythms and patterns for jigs, reels, polkas, and slip jigs, and well as proper tipper technique. (Meets 2:00-2:45 p.m)

**Intermediate** Students with previous experience will focus on incorporating the left hand to explore the tonal aspects of the bodhran. We will also learn how to accompany tunes in sessions with a focus on playing musically. (Meets 2:45-3:30 p.m.).

# Connecticut Academy of Irish Music
